

Summary of Minor Research Project-1998

1. UGC Reference No.	F.No.23-111/98 (WRO)
2. Period of report: from	1 st April 1999 to 31 st March 2001
3. Title of research project :	Software Development for Adult Education “Mulakshare”
4. Name of the Principal Investigator	PRAFULLA EKNATH AJMIRE
5. Effective date of starting of the project	September 1999
7. Grant approved and expenditure incurred during the period of the report:	Rs. 45,000/-
8.Total amount approved	Rs. 45,000/-

Entitled “Software Development for Adult Education “Mulakshare”

India became independent on 15th August 1947, before that the British Government had given attention to only Urban Areas. They neglected rural development. This increased the poverty of rural people. Due to this most of the rural people remains un-educated. These people were impacted with some unrealistic traditions.

Indian government has design the policy to educate such people and it is popular as adult education policy. The scheme is named as Mass Program of Education Literacy (MPEL).

Government is implementing this scheme of adult education through various agencies such as NSS, primary teacher voluntary clubs and many more government department. It is the responsibility of each educated person to motivate the illiterate people towards education and we should follow each one teach one programme.

As we are in the era of IT with great LPG programme .i.e. liberation, privatization and globalization. To acquire the benefits of LPG we need a computerization. At the same time it will be beneficial if we use computer for adult education, as today's computer can talk, listen and communicate through GUI software,

multimedia with the user. For this purpose the software 'mulakshare' is developed. this software will be definitely useful for adult education
