# **G S Science, Arts and Commerce College, Khamgaon**

Title of the Activity	Installation of water feeder for birds in Dnyanganga forest.
Organizing Department	NSS Unit.
Date	
Venue	Dnyanganga forest, Tal. Khamgaon, Dist. Buldana
Guest/ Resource Persons	Dharmendra Singh, Sanjay Thombare, Sheshrao Salve, Dr. H. A.
	Bhosale, Dr. Neeta Boche
No of Beneficiaries	Students 34, Teachers 03
Brief Report about event	On the occasion of the 75th birth anniversary of late Babasaheb
	Bobdey, creation of a reservoir for wild animals was organized by
	NSS at Gyanganga Sanctuary.
	Natural water bodies in the forest areas are drying up due to the
	increasing heat, and thirsty wild animals are entering human
	settlements in search of water. It creates conflict between wild
	animals and humans. Artificial water bodies are being created to
	avoid this conflict. Buldhana district has a large reserve and
	protected forest area. This forest area is home to leopards, bears,
	nilgai, wild boars, peacocks, slanders, etc.
	A three-day residential camp was organized at village Sarola on the
	occasion of the birth anniversary of late Babasaheb Bobdey on
	behalf of G. S. Science, Arts and Commerce College run by Vidarbha
	Shikshan Prasarak Mandal Khamgaon in the middle of the village
	Sarola Mandani with a temperature of 44 degree Celsius. A group of
	about 90 students of NSS and NCC of the college participated in this
	residential camp.
	Wildlife Khamgaon Forest Range Officer Hon. Kishor Padol, 13
	Maharashtra Battalion, Khamgaon Subhedar Major Dharmendra
	Singh, Kunthi Gram Panchayat Sarpanch Sanjay Thombare,
	Upasarpanch Chhaya Jadhav, Sarola Primary School Principal
	Seshrao Salve, Sahebrao Helode etc. dignitaries inaugurated the

watershed project.

Under the guidance of Principal Dr. Dhananjay Talvankar and Forest Range Officer Kishor Padol, a live stream near Mandani in Gyanganga Sanctuary was selected for the drainage project. This watershed was completed by "Shramdan" in two shifts in three days with the help of volunteers residing in the primary school at Sarola. Its length, height and width is 14x3.5x2.5 meters respectively and it will store about 25 lakh liters of water. Project Coordinator Dr. Hanumant Bhosle has been informed that stone pitching has been done for the water reservoir, so there will not be any danger even in rain.

Ashokji Jhunjhunwala, Vice President of Vidarbha Education
Broadcasting Board, Director Ajinkya Bobdey, Secretary Prashant
Bobde visited the project. Head of the department of the college,
professors and non-teaching staff and citizens of the village came
and donated labor to the project. For the successful completion of
the project Prof. N. B. Kutemate, Girls NSS Program Officer Dr.
Neeta Boche, NCC ANO Prof. Suhas Pidhekar, NSS Co-Program
Officer Prof. Sachin Shingane, Shri. Gajanan Surwade, Shri. Nivrithi
Chopde etc. took hard work day and night.

On this occasion Shri. Kishore Padol, Forest Range Officer, Wildlife Khamgaon said there is a fear that wildlife will become extinct due to human errors and encroachments. Because man has encroached on water bodies and natural water sources that have maximum habitat for wild animals. These water bodies have been created in the dry heat so that the wild animals do not have to wander to the forest for water. This project has made water available to wild animals close to their habitat.
