

## G S Science, Arts and Commerce College, Khamgaon

Title of the Activity	<b>Webinar on Cloud Technology &amp; Information Security and It's Future Opportunities'</b>
Organizing Department	Computer Science and Application
Date	24 <sup>th</sup> February, 2023.
Venue	Online+ Offline (Blended mode)
Guest/ Resource Persons	Mahesh Yelkar, Department of Robotics and Cloud Technology, RTM Nagpur University, Nagpur
No of Beneficiaries	Students 51
Brief Report about event	<p>About this course:-            We are living in the age of knowledge-driven economics. Information is an asset, and how we share it defines the extent of our success. Today, everyone shares and exchange information, however, the real game changer throughout this shift has been the emergence of cloud technology solutions.</p> <p>The cloud is a virtual space that exists on the internet. It is a storage space where people can place their digital resources such as software, applications, and files. In simpler terms, we can say that the cloud is virtual storage space on the internet.</p> <p>Cloud computing and technology – popularly referred to as the cloud – has redefined the way we store and share our information. It has helped us transcend the limitations of using a physical device to share and opened a whole new dimension of the internet.</p> <p>Highlights of the Webinar</p> <ul style="list-style-type: none"> <li>- Introduction to Cloud Computing</li> <li>- User Segments</li> <li>- What Experts Say</li> <li>- Revenue Forecast – India</li> <li>- Revenue Forecast – Global</li> <li>- Jobs Profile in Cloud Technology</li> <li>- Employment Opportunities in India</li> <li>- Global Employment Opportunities.</li> </ul>
